INTRODUCTION

Vera Araujo

Head of Municipal Division INVEST Santo Tirso

The European Project Atlantic Youth Creative Hubs (AYCH) – Extension and Capitalisation, financed by Call 3 of Interreg Atlantic Area, to be developed until July 2023, aims to **capitalize and disseminate** the successful methodologies developed in the previous AYCH (Call 2, implemented from October 2017 to May 2021), but also to implement new pilots in the area of **Entrepreneurship and Youth Employability**, throughout the Atlantic Area in the Cultural and Creative Sector.

Santo Tirso Municipality, as a Lead Partner, is very proud to talk about the European AYCH partnership, and about their developed international networking, which through a network of hubs encourages the sharing of knowledge, experiences and resources and stimulates the development of youth creativity.

During different events, the AYCH partnership brought together **young people, partners, specialists, mentors, stakeholders and jury members from 5 countries on the Atlantic Area**, mobilizing and involving participants from Portugal, France, Spain, United Kingdom and Ireland for an intense creative processes around subjects considered strategic for the Atlantic Area via “**Sustainable Development Goals**”.

We want to share this experience and so invite you to enjoy this Magazine, so that you can become aware of our **AYCH vision and educational values, and our different partners** who engage with young people to explore and develop new ideas in new creative processes of co-creation and co-experimentation.

All participants and partners of the International Creative Jam that took place at L'École de design Nantes Atlantique, France, 10,11,12 May 2023

Santo Tirso Municipality, was an active partner in the implementation process of the AYCH project within the scope of **Call2, of Interreg Atlantic Area**. The successes and testimonies evidenced by our young people and entrepreneurs, contributed to the approval of the current project - **AYCH: Extension and Capitalization (Call 3 of the Interreg Atlantic Area)**. We are currently the **Lead Partner** for this project, managing and monitoring the physical and financial execution of the project, as well as coordinating the activities of the 8 partners

Santo Tirso Municipality, through **INVEST Santo Tirso**, has been participating in all activities of the project, which is composed by 5 groups of actions-coordination and management, communication, capitalization, connection and new pilots. In addition to the Lead Partner activities, we are developing a very structuring activity that represents a **New AYCH Pilot** which is the **Innovation Missions Program for Young People**. We also carried out an **AYCH Tour** at the VI Exhibition of Education and Training while also actively participated in the **International Creative Jam in Nantes**.

YOUTH PARTICIPANT

BRUNA ALMEIDA

21, Portugal.

What do you do ?

I work as an orthodontic appliance technician, I studied Languages and Humanities. Then I pursued a fashion design course, and now I'm learning a pattern making and sewing.

What do you like to do?

In my free time, I enjoy going for walks with my dog and spending time with my friends, family, and my partner. I also love drawing and upcycling transformations on my clothing.

What does an ordinary day in your life look like?

I wake up full of energy and go to work. In the afternoon, I dedicate my time to sewing and preparing my clothing brand for launch, after dinner I usually grab a coffee with friends.

What has been your experience with AYCH? How did it affect you?

I am participated in the "Youth Innovation Missions Program" at Fábrica Santo Thyrsu Hub. And I have attended webinars, workshops, and thematic laboratories, and in each session of this project, I feel that I have learned a lot and made my project even more special and sustainable. The International Creative Jam in Nantes, was also a very interesting experience. It allowed me to enhance my English skills, interact with young people from other countries, and explore a new city. It is an enriching experience because it provides us with the opportunity to work on our entrepreneurial skills in a project dedicated to addressing societal challenges present worldwide.

What are your aspirations in life?

What I really want to do in life is to manage a clothing brand, which I have already started taking the first steps towards, as it has always been my dream. Additionally, I want to specialize more and more in every aspect of the fashion industry to deepen my skills as a designer and brand manager.

FOUNDING PARTNER

VIDA LACTEA

SPAIN

YOUTH PARTICIPANT

AMINA

24, Spain.

What do you do ?

I am currently an IVY Volunteer for AYCH at Vida Lactea.

What do you like to do?

My hobbies are drawing, painting, dancing, sewing, learning languages, going to museums or art exhibitions and playing sports with my friends.

What does an ordinary day in your life look like?

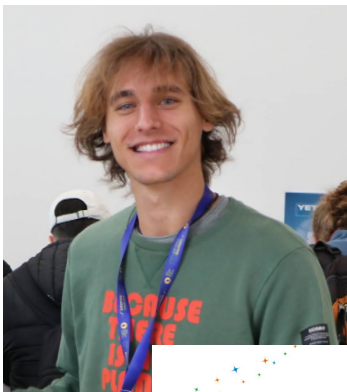

I work 9-5 job in the communication department of Vida Lactea, After work I usually go for walk in the city or spend time with my flatmates on rainy days

What has been your experience with AYCH? How did it affect you?

It has been a constant discovery for me. I truly like the project itself and my tasks here. I got to know new things about the European Atlantic area in general, and more specifically about Galicia and its culture. My overall experience with AYCH has been wonderful so far, thanks to this project I got to find out new professional skills that I didn't know I had, not to mention that I got to participate in so many cool events and initiatives.

What are your aspirations in life?

I am quite a spontaneous person, as I always say, my life is a little bit of a freestyle, so I wouldn't say that I have some very concrete or precise aspirations. I've been involved in European projects and volunteering since I was 16 years old, so it's clear that humanitarianism and values such as solidarity, sustainability, preservation of the environment, non-discrimination and human rights are particularly important for me.

ALEJANDRO

23, Spain

What do you do ?

I am a Physical Education teacher and a surfer

What do you like to do?

I like to Sail, socialize and participate in innovative and educative events or missions.

What does an ordinary day in your life look like?

An ordinary day of mine looks like something you never planned, an improvised day. I am a "spur-in-the-moment" kind of guy, always on my feet, ready for new adventures everyday.

What has been your experience with AYCH? How did it affect you?

It was an enriching event that has helped me to be more confident and helped my public speaking

What are your aspirations in life?

My aspirations in life are to grow as a teacher and show my knowledge to as many people as possible.

FOUNDING PARTNER

SPACE
UK

“ **Space Youth Services** is a youth service charity based in the county of Devon, UK. We work with young people where they are to unlock their potential. That means working with **formal and informal education, in the community, with youth business providers, in person and online, and with volunteer organisations** across the country.

Space Youth Services has been a part of AYCH since its inception. Our first responsibility within AYCH has always been **to the young people we work with, to provide wide ranging and impactful opportunities to explore creativity and entrepreneurship**. We have been collaborators in all things AYCH and are excited to pass our learning to the new partners in the project.

We have participated in all **4 International Creative Jams** and hosted **3 Local Creative Jams**; facilitated **incubations and youth missions** across Devon and online; used our Fab Lab to prototype new ideas; connected with local organisations as part of the **AYCH Tours**; and worked in collaboration with the AYCH partners to deliver a variety of exciting creative projects for the young people of Devon and beyond.

YOUTH PARTICIPANT

CORY RONCHETTI

23, United Kingdom.

What do you do ?

I am a freelance graphics designer.

What do you like to do?

I am a super nerd & sneakerhead. I like Marvel, Movies, Sciences.

What does an ordinary day in your life look like?

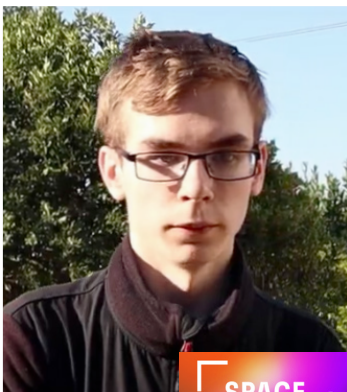

Due to my disability, an ordinary day is different to most people I work for about four hours on graphic design commissions, get out of the house for some inspiration to the park or the beach, and dive into my interests.

What has been your experience with AYCH? How did it affect you?

My time with AYCH was a positive one, it got me thinking about a lot of things in a new way, and it helped me see things from a different perspective. My experience has been one of personal/professional growth, and one of collaboration. I worked on business and entrepreneurship to gain knowledge and to think creatively. I created a business model and worked on my business plan to find new clients and build a network and visibility And I also supported another young entrepreneurial group, by creating a logo for their podcast.

What are your aspirations in life?

To have a successful graphic design career. To make positive change. To change the way people think about physical disability...and become a millionaire.

DEVON T
