

FEED THE ART!

By Louise, Juan, Claire & Constantin

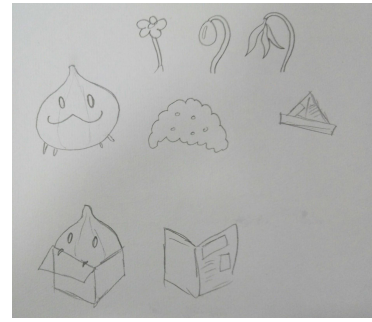

OUR IDEA & VISION

- Innovative food waste disposal
- Incorporating education, aesthetics and sustainability
- Encouraging immersive environments that are beneficial to wellbeing

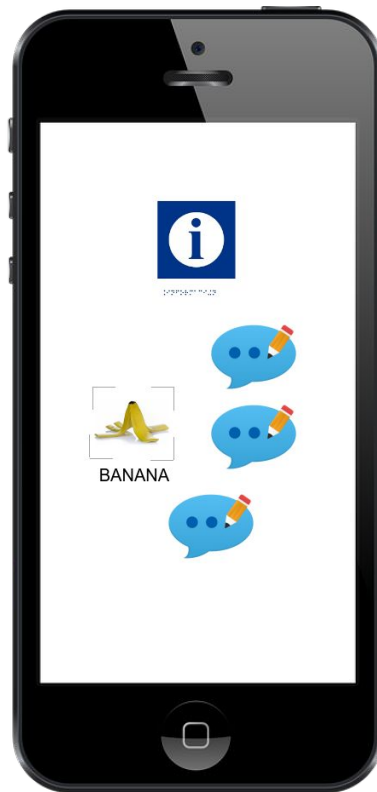

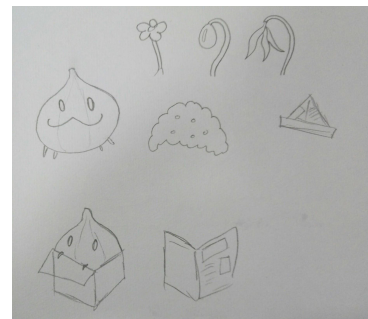

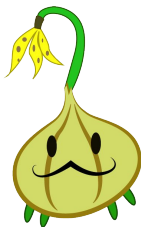

HOW DOES IT WORK?

1. Photograph product;
apple cores,
carrot
peels,
banana skins

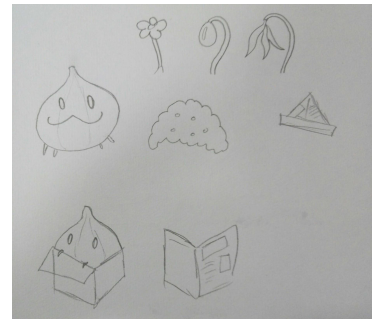

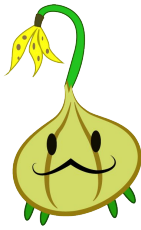

HOW DOES IT WORK?

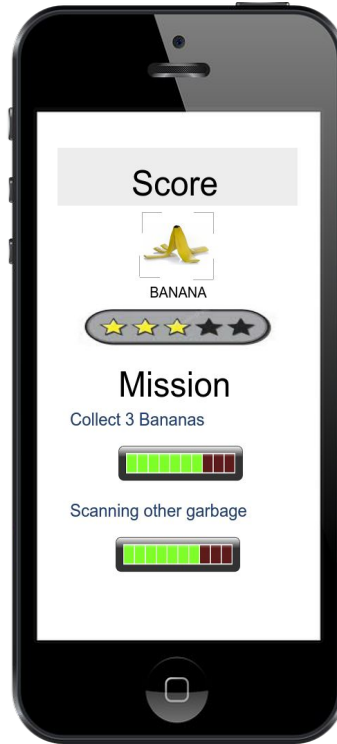

1. Points are gathered for each

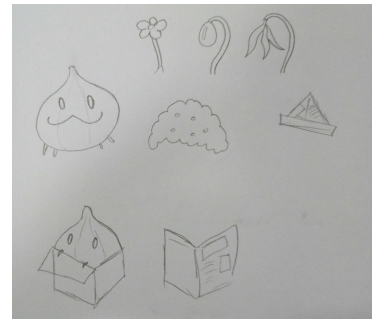

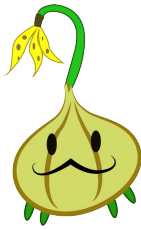

HOW DOES IT WORK?

1. Decide how to dispose of their waste

HOW DOES IT WORK?

1. Progressive immersive environments

THE TEAM

- Experience within clothing and communication, animation and illustration, business and civil engineering
- Aim to improve everyday environments

WHAT MAKES IT SO INNOVATIVE!

- Improving the aesthetics of both city and urban environments
- Educating the public
